On the first floor we have a women's toilet and a men's toilet. On the ground floor we have a gender-neutral toilet:

'Being forced to choose between man or woman, even if you are not sure of that choice, or if you are sure that you are neither, or if it is a loaded question. The toilet is there for everyone.'

That's why we feel it's important to provide a toilet that doesn't make you make that choice.

### that lovely scent

Did you also smell that wonderful fragrance that you encountered in the toilets?

Marie-Stella-Maris was founded in 2011, inspired by the human right to clean water and sanitation.

For every product we buy, they donate 5% to sustainable water projects. They have been able to contribute more than €1,400,000 since 2011. This has already given thousands of people access to clean (drinking) water, and has enabled more children to attend school, among other things.

## Fomaine des Crès Ricard, Cabernet Sauvignon, Merlot, Syrah en Carigna

Crès Ricards started in 1960 in the village of Ceyras, in an area known as Crès Ricards. The 28 hectares of vines, located at the foot of Mount Baudile, were taken over by Jean-Claude Mas 50 years later.

The beautiful combination of red clay soil with slate and pebbles ensures that this area produces silky smooth wines with an intense flavour.

## COCKTAILS & STRONG

### Old Fashioned

the world's first classic cocktail: the Old Fashioned.

It was first described in 1806, then known as 'Whiskey Cocktail'.

The cocktail was first described on paper in 1880 in The Chicago Tribune. There it was called an 'Old Fashioned Cocktail' because many people still ordered their drinks 'the old fashioned way'.

That is to say: a brown distilled spirit with sugars, water and bitters.

### V2C Dry Gin

V2C was born in Amsterdam but inspired by the world. This Dutch gin is produced with precision using the purest ingredients sourced from around the world, perfect for raising a glass with friends and making the moment unforgettable.

### Jack Daniel's

Despite what most people think, Jack Daniels is not a bourbon, but a Tennessee whiskey. The basic rules of bourbon or American whiskey are respected, but Jack Daniels has, since the distillery was founded, involved a unique extra element. After distillation, the whiskey is filtered through a three-metre layer of charcoal, which gives it its famous smoothness.
